The defendant shall submit to one drug test within 15 days of commencement of probation and at least two tests thereafter, as determined by the probation officer.

CAUSE

Nancy Loria is seventy-two (72) years old and suffers from the beginning stages of Alzheimer's disease. Since her sentencing, her condition has worsened and she has been forced to retire from her employment and take residence with her granddaughter. She has complied with all other conditions of probation, including making monthly payments to the Social Security Administration for restitution purposes. She is eligible for transfer to Low-Intensity Caseload, but must submit to two (2) additional drug tests. She has no history of substance abuse, as confirmed in the presentence report and by her family. Rather than subject an elderly woman with Alzheimer's to urine monitoring, it is requested the mandatory drug testing provision be waived by the Court.
